## Spring is in the Hair!

When the seasons change so does our hair. Is your hair dry, dull, damaged, unmanageable or limp? Let us transform your locks with the power of **Kerasilk** from **Goldwell**.

These break through treatments in salon to home take skin care technology to hair care. One service away from luxurious hair results for spring.

**Color** contains ultra hydrating tamanu oil that keeps beautifully colored hair looking brilliantly shiny for up to 6 weeks.

**Reconstruct** with indulging in-salon service that repairs and softens your hair with hyaloveil and lasts up to 10 washes.

**Repower** your hair structure with Intensive Volume Treatment that strengthens and bodies fine and limp hair with elastin that lasts up to 10 washes

**Control** with keratin and hyaloveil ingredients that reshapes and smoothes unmanageable frizzy hair for up to 3-5 months.

### Hair Tips:

-For spring many like to brighten their hues! Blondes, brunette's, even red heads. Creating better health in the hair in all colors reflects better color.

-Having a pre-color treatment will allow color to hold and reflect more evenly.
